OREST OF FIGURES

Alice walks through a door - always a dangerous thing to do in Wonderland! She finds herself in a forest of numbers, with no way out! Alice needs to call for help, but doesn't know who she could dial.

It looks like the number forest isn't doing too well. Maybe if she replants all the number trees in the right way, she can figure out which number to call? Ten spots look particularly special.

	4	5			9			
	3	7		1			9	
1			8		5	7	2	
4		2	9		6	3		
	1						4	9
5		3		8	1	2	6	
		4		5	7		8	
		8	3			9	1	
	5				8		7	

Sudoku Rules: Fill with the digits 1-9. No digit can repeat within a row, column, or 3x3 box.
